

ANDANTE

Value Chain and Participants

ANDANTE

IC Design

- Neuromorphic designs
- AI/DL Fundamental
- ASIC Accelerator
- AI/DL Fundamental blocks
- ASICs: Neuromorphic accelerators (Artificial and Spiking Neural Networks)

life.augmented

THALES

Platforms

Multi-usage Platforms for Data analysis at the EDGE

life.augmented

SynSense

Applications

Edge Demonstration Areas

- Digital Industry
- Digital Farming
- Transport and Smart Mobility
- Healthcare
- Digital life.

ECSEL Joint Undertaking

Electronic Components and Systems for European Leadership

This project has received funding from Electronic Components and Systems for European Leadership Joint Undertaking under grant agreement № 876925
